

Konstantinos Tsakalozos

Konstantinos Tsakalozos is a PhD candidate at the National Kapodestrian University of Athens under the supervision of Prof. Alex Delis. In 2007, he received his Diploma (M.Sc.) in Computer Science, from Department of Informatics & Telecommunications also at the University of Athens. As a member of the "Management of Data Information, & Knowledge Group" (MaDgiK <http://madgik.di.uoa.gr>), during the past 5 years, he has participated in three European Funded Projects (Diligent, D4Science and D4Science II). There, among other tasks he has been developing software targeting IaaS-cloud infrastructures and he is also the administrator of the production-level Grid site GR-09-UoA. His work experience includes the implementation of Business 2 Business & e-Commerce applications for CITE SA (<http://www.cite.gr/>). His interests include cloud computing, multidimensional indexing, service oriented architectures and multithreaded architectures.
